Experience

Food Service Worker @ McDonalds / San Jose, California

OCT 2022 – FEB 2023

- Food service worker at McDonald's with 5 months of experience.
- Consistently provided efficient and friendly service while handling cash, food preparation and customer requests.
- Demonstrated strong teamwork skills in fast-paced environment.

Event Organizer @ CodeDay / San Jose, California

DEC 2021 – PRESENT

- Helped organize a virtual event that resulted in hundreds of students.
- Worked with others to help find speakers and workshop hosts.
- Received a Paragon Award for working hard.

Lead Tech @ ThetaHacks / San Jose, California

DEC 2020 – JAN 2022

- Worked as a team to create a hackathon, website, and discord bot.
- Resulted in over 500 signups and over 80 projects submitted.
- As part of the tech team, I made the Minecraft server and implemented custom commands and worlds.

Teacher @ eBay / San Jose, California

JULY 2019

- Part of the teaching team I helped teach a classroom full of children how to program in Python.
 - Demonstrated various projects that can be made in Python.
-

Projects

Khip-8 / Kotlin <https://github.com/kaidevrim/khip-8>

- Developed a Chip-8 emulator using Kotlin programming language.
- Implemented core emulation logic and user interface, resulting in a fully functional and user-friendly application.

StarItAll Web / C#, ASP.Net <https://github.com/kaidevrim/staritallweb>

- A website designed to quickly star every repository made by a GitHub user.
- Helps users quickly show appreciation for a fellow coder's work and increase engagement within the developer community.

XKCD.Net / C#, Unit Tests <https://github.com/kaidevrim/xkcd.net>

- A NuGet library that provides an easy-to-use interface for fetching comics from the XKCD website.
- With just a few lines of code, developers can retrieve the latest comic, fetch previous, and even fetch a random comic.

StarItAll CLI / Go <https://github.com/kaidevrim/staritall>

- A cross-platform tool designed to quickly star every repository made by a GitHub user.
- Very fast and simple
